GAYATRI MANOJ KADAM

Electronics & Telecommunication Engineering Graduate
Nashik, Maharashtra | 9309708568 | gayatrikadam1706@gmail.com | linkedin.com/in/gayatri-kadam-93aa64218

PROFESSIONAL SUMMARY

Engineering graduate with internship experience in frontend development and hands-on project experience in IoT and embedded systems. Familiar with HTML, CSS, JavaScript, Angular, C++, REST API integration, and responsive web development. Eager to begin a career in an entry-level software, web development, or graduate engineering role.

TECHNICAL SKILLS

Web Development	HTML, CSS, JavaScript, Angular, Responsive Web Development, REST API Integration
Programming & IoT	C++, NodeMCU (ESP8266), GPS, Voice Module V2, MAX7219 LED Dot Matrix, Blynk, Sensor Interfacing

EDUCATION

B.E. – Electronics & Telecommunication	Shatabdi Institute of Engineering and Research Centre, Nashik | 2026
Diploma – Electronics & Telecommunication	Government Polytechnic, Nashik | 2023

INTERNSHIP EXPERIENCE

Frontend Developer Intern | Sabedor Software India, Nashik | Dec 2024 – Jan 2025

- Worked on frontend development using Angular, HTML, CSS, and JavaScript under senior developer guidance.
- Developed and updated responsive web pages using Angular components, templates, and data binding.
- Practiced routing, REST API integration, debugging, and application testing.
- Collaborated with team members to understand requirements and follow development workflows.

FINAL YEAR PROJECT

CareConnect: Voice-Interactive Assistive Wearable with Real-Time Tracking | IoT & Embedded Systems

- Developed a wearable assistive system for visually and speech-impaired users with voice interaction and emergency communication.
- Integrated NodeMCU (ESP8266), GPS, Voice Module V2, MAX7219 LED Dot Matrix Display, tactile emergency switches, and Blynk.
- Implemented real-time location tracking and emergency alert functionality to support caregiver assistance.
- Performed module interfacing, embedded programming, testing, and system integration.

CERTIFICATIONS

- Frontend Development using Angular — HTML, CSS, JavaScript, Angular, responsive web development, REST API integration.
- Programming in C++ — Friends Computer Academy.

SOFT SKILLS

Communication • Teamwork • Problem Solving • Quick Learning • Adaptability • Time Management
